PREPARED AT HOME

CARING FOR MOM OR DAD?

Free printable page: **13 questions to ask at the next doctor visit**, with room to write down the answers.

- [ ] What is the diagnosis, in plain words?
- [ ] What changes should we watch for, and which mean we call you right away?
- [ ] Is there anything that should not be taken together?
- [ ] Who do we call after hours, and when do we go to the ER?
- [ ] Is it still safe for them to drive, or live alone?
- [ ] ...and 8 more, plus space for your own.

Print it the night before. Hand it to the doctor if that's easier than reading it aloud.
